Dear Sam,

Pat and I certainly want to pass our thanks for your generous hospitality when we were in Monterey. Your kindness in letting our daughter and her husband stay in the BOQ as well as ourselves was just great. It left me close enough to the vault to keep on working when time permitted and yet we were all very comfortable and conveniently situated. We really appreciated that.

I thoroughly enjoyed the interchanges with the students. They're a great group and you really have them keyed up. That's wonderful.

Pat and I most enjoyed the brief chance to visit with you and Ann. We hope that we can get together back here once you two settle down into your new life and new routine.

All the best.

Yours,

STANSFIELD TURNER

Dear Stan,

Thank you for addressing the staff and student body of the Naval Postgraduate School during your visit to Monterey last week. Your presentation was stimulating and of great interest to everyone present. The officers in the Naval Intelligence Curriculum particularly appreciated the additional opportunity to have you meet separately with their class. Your visit can be considered one of the highlights of the academic year.

The large turn-out was evidence of the interest of faculty and officer students in your position and in your accomplishments.

You have a good excuse to return to Monterey. Please plan for some interaction with the officers here when you do.

Sincerely,

Isam
